### **Model Train Displays**

**900 East Macada Road,  
Bethlehem**

## **Scout Night- December 12, 2017**

**7:00 PM to 8:30 PM**

Greetings to the scouting community. This is Ray here, from the Black Diamond Society of Model Engineers in Bethlehem. A reminder to all persons involved in Scouting are invited to the Black Diamond's annual Scout Night on Tuesday, December 12th, 2017 from 7:00 PM to 8:30 PM at our club headquarters, 900 East Macada Road, Bethlehem, PA. We have ample free parking. No notice is required, just bring your Scouts. Boy and Girl Scouts are welcome, and siblings may attend. There is no charge for scouts, parents, or siblings.

Scout Night provides an opportunity for all persons involved in Scouting to view our operating layouts and artifacts up close, thereby experiencing first-hand the hobby of model railroading. Our "Ambassadors" will be on hand to help and answer questions related to model trains and our non-profit organization. Of particular note is that we are now controlling MTH products via an app, as this hobby continues to evolve with the changing technology.

Trains on the first floor are fully operational in 2-rail and 3-rail O, On30 narrow gauge, and S gauge for any American Flyer fans. The second floor is an HO scale layout. We had just over 400 people attend last year's scout night... another great night for attendance! Feel free to forward this email to others as appropriate.

For additional information or directions, please send an email to me at [Ray.Viohl@gmail.com](mailto:Ray.Viohl@gmail.com) or call [484-557-5810](tel:484-557-5810).
